

roundinfinity

AI-Powered HR Workflows & Employee Self-Service

Provide self-service & automated helpdesk to employees, transform employee workflows & use AI to hire smarter.

Round Infinity's AI-powered HR platform revolutionizes HR operations by automating recruitment, onboarding, compliance, and employee management processes.

The system enhances efficiency by streamlining candidate screening, interview scheduling, and leave and expense management. With features like eSign documents, omni-channel HR helpdesk, and IT asset management, it reduces manual effort and ensures compliance and security.

This results in faster time-to-hire, improved employee productivity, and significant cost savings, ultimately delivering a higher ROI through optimized HR workflows and enhanced employee satisfaction.

Capabilities

AI-Powered Recruitment

Automates candidate screening with intelligent matching and scoring.

Interview Scheduling Automation

Automatically coordinates interview times between recruiters and candidates.

Employee Onboarding Workflow

Streamlines onboarding with automated task assignment and document collection.

eSign Documents

Enables secure and compliant electronic signatures for HR documentation.

Compensation Management

Automates payroll calculations and compensation adjustments.

Automated HR Helpdesk

Provides instant HR support across email, chat, and phone channels.

Leave Requests Automation

Simplifies leave request submission and approval processes.

Procurement Requests

Automates employee procurement requests with approval workflows.

Time & Attendance Tracking

Monitors employee hours and attendance for accurate payroll processing.

IT Asset Management

Tracks and manages IT assets assigned to employees.

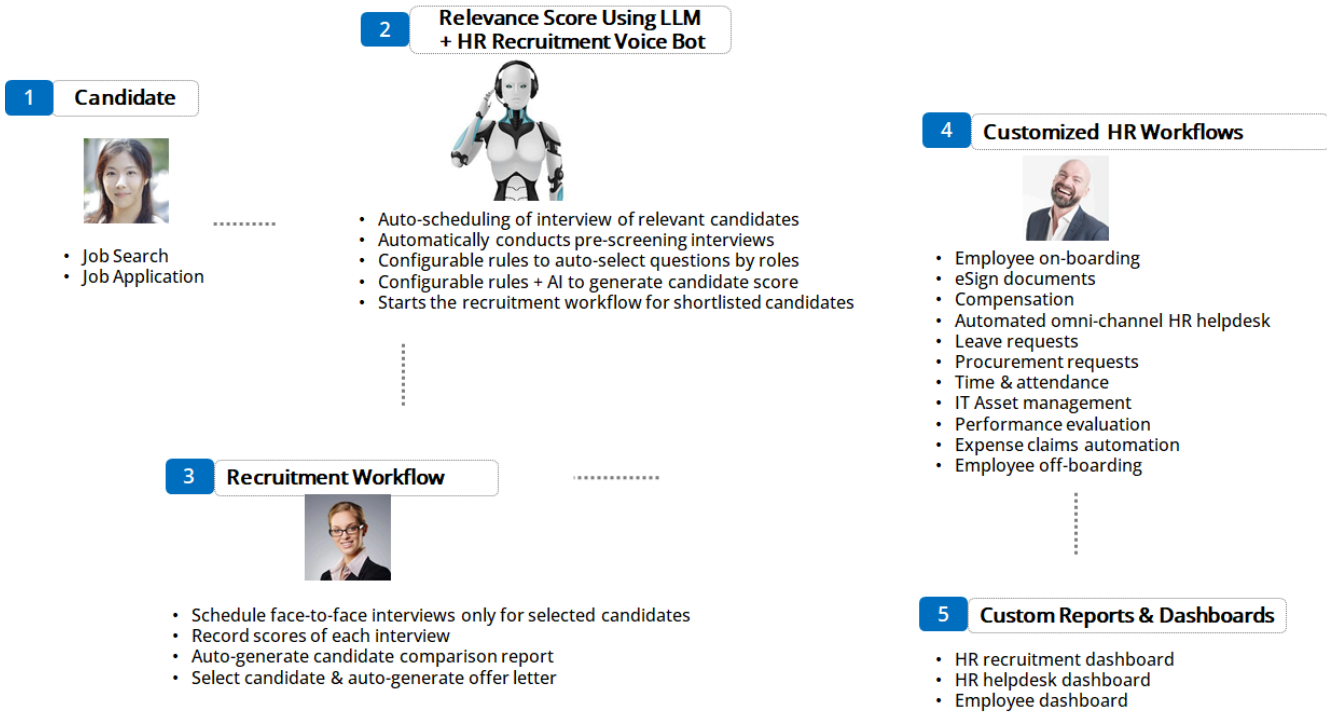

Performance Evaluation

Automates performance review scheduling and feedback collection.

Expense Claims Automation

Simplifies expense submission and approval workflows.

How It Works

Business Impact

Faster Expense Reimbursement

Accelerates expense claims approval, reducing processing time and boosting satisfaction.

Enhanced Compliance and Security

Mitigates risks with automated eSign and compliance tracking features.

Cost Savings in HR Operations

Reduces manual effort through automation of leave, procurement, and asset management.

Improved Recruitment Efficiency

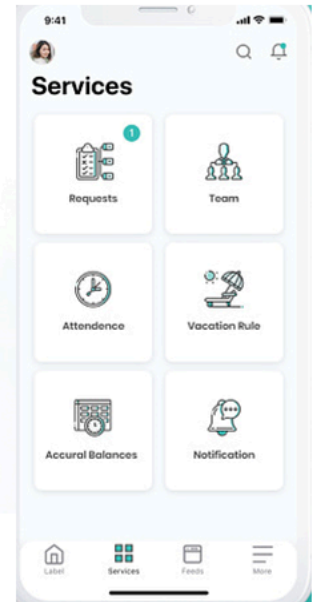

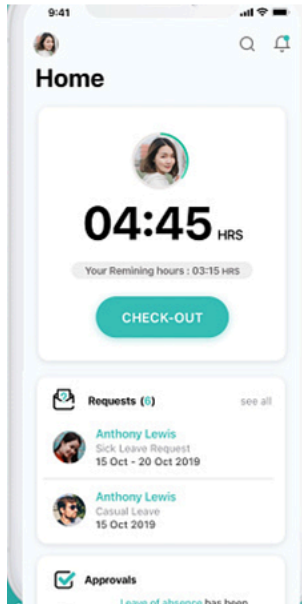

Reduces time-to-hire by automating screening, scheduling, and communication.

Increased Employee Productivity

Simplifies onboarding, performance reviews, and HR helpdesk support for better employee experience.
