roundinfinity

End-to-End Payments Collection to Invoice Generation

Streamline payment collection with automated invoice management, & integrated payment gateway.

RoundInfinity's payment collection system offers a streamlined approach to managing both pro-forma and final invoices, enhancing efficiency and cash flow management.

By automating payment requests and invoice handling, businesses can reduce administrative overhead and improve customer experience with secure payment links and multi-channel support.

The system also provides valuable data-driven insights through customizable reports and dashboards, allowing businesses to track payments and make informed decisions.

Overall, RoundInfinity's solution ensures a more efficient, cost-effective payment process while delivering a robust ROI.

Capabilities

Custom Payments Form
Attach custom forms to payment requests for additional data collection.

Request Payment
Collect payments via mobile UI or bulk upload records.

Pro-forma Invoice
Auto-generate and send pro-forma invoices for receiving payments.

Make Payment
Customers use secure links to pay and view payment history.

Payment Reminders
Auto-send payment reminders based on your configured frequency.

Payment Invoice
Auto-generate and send customized invoices upon payment receipt.

Payments Dashboard
Create custom reports to track payments, pending amounts, and collections.

Customer Helpdesk
Provide 24/7 support through multiple channels with automated responses.

Payment Gateway
Seamlessly collect and settle payments through the integrated gateway.

Recurring Payments
Set up and manage automated recurring payments for subscription services.

WhatsApp & Email Alerts
Send invoices, payment links, confirmations on WhatsApp, email. etc.

Multi-Currency Support
Accept payments in multiple currencies and handle conversions automatically.

How it Works

Request Payment

Enter payment to be collected using mobile responsive UI

Or, bulk upload CSV containing all payments to be collected

Trigger Notifications to customer with payment link

Send payment reminders

Customer makes payment using payment link received

Customer can view payment history, pending payments, etc.

Custom invoice or receipt is automatically generated & emailed to customer

Payment collected is automatically settled in brand's account

Payments Dashboard

Business Impact

Streamlined Payment Processes
Improve campaign effectiveness and reduce costs with automation.

Improved Customer Experience
Provide secure payment links and support across multiple channels.

Reduced Administrative Overhead
Auto-generate invoices and reminders to save time and effort.

### Enhanced Cash Flow Management
Track and manage pro-forma and final invoices seamlessly.

Data-Driven Insights
Gain actionable insights with custom payment reports and dashboards.
